

Since the 1930s, generations of Americans have known and loved Stuckey's as a venerable roadside tradition.

Who could forget the...

Flavored Pecans

and most of all the celebrated ...

Stuckey's Pecan Log Roll

A heavenly inspired creation of Mrs. Ethel Stuckey herself. Unique (and delicious!) products like these made Stuckey's teal blue roof as famous in the 1960s and 70s as the golden arches are today.

The Stuckey's tradition continues with **almost 200 franchised locations** on the interstate highways spanning 19 states from Pennsylvania to Florida in the east and to Arizona in the west, as well as product placed in almost 5,000 grocery outlets nationwide. As much a part of Americana as "Mom" and "apple pie," Stuckey's has been **featured in two episodes of the Food Network's hit show "Unwrapped"** and ranked more than once in Letterman's Top Ten. **Stuckey's legendary Pecan Log Roll even starred as a premium clue on Jeopardy!** Now your company can benefit from this extraordinary recognition, and capitalize on the affinity for Stuckey's strong brand, by becoming a licensee.
